

What is claimed is:

1. A cleaning device comprising:
  - a storage tank which holds cleaning fluid for cleaning an object;
  - a pressurizer which pressurizes said cleaning fluid stored in said storage tank;
  - a base frame which supports said storage tank and said pressurizer;
  - a brush for cleaning said object;
  - a sprayer disposed in said brush, wherein said sprayer sprays said cleaning fluid onto said object to be cleaned; and
  - a hose for supplying said cleaning fluid stored in said storage tank to said sprayer.
2. A cleaning device comprising:
  - a storage tank which holds cleaning fluid for cleaning an object;
  - a pressurizer which pressurizes said cleaning fluid stored in said storage tank;
  - a brush for cleaning said object;
  - a sprayer disposed in said brush, wherein said sprayer sprays said cleaning fluid onto said object to be cleaned; and
  - a hose for supplying said cleaning fluid stored in said storage tank to said sprayer.
3. A cleaning device, as set forth in claim 1, further comprising:
  - wheels attached to said base frame for supporting said base frame; and
  - a handle extending from said base frame for manipulating and moving said cleaning device.
4. A cleaning device, as set forth in claim 3, wherein said handle is extendable.
5. A cleaning device as set forth in claim 1, wherein said sprayer is positioned within approximately 2 cm from a distal end of said brush.
6. A cleaning device as set forth in claim 1, wherein said brush includes:

a flat portion disposed at a distal end of said brush; and  
a handle extension extending away from said flat end portion.

7. A cleaning device as set forth in claim 3, wherein said handle includes a clip for holding said brush.

8. A cleaning device as set forth in claim 1, further including a container holder for holding a container containing a cleaning solution.

9. A cleaning device as set forth in claim 1, wherein said pressurizer is a battery powered pressurizer.

10. A cleaning device as set forth in claim 1, wherein said pressurizer is a hand-operated pump.

11. A cleaning device as set forth in claim 3, wherein said handle includes a curved end portion.

12. A cleaning device as set forth in claim 11, wherein said curved end portion of said handle includes a grip cover for promoting gripability of said handle.

13. A cleaning device as set forth in claim 1, wherein said brush includes a handle extension portion.

14. A cleaning device as set forth in claim 13, wherein said handle extension portion includes a grip cover for promoting gripability of said brush.

15. A cleaning device as set forth in claim 3, wherein said handle is retractable.

16. A cleaning device as set forth in claim 1, wherein said sprayer includes an end cap for adjusting the flow characteristics of said sprayer.

17. A cleaning device as set forth in claim 16, wherein said end cap adjusts the flow rate of said sprayer.

18. A cleaning device as set forth in claim 16, wherein said end cap adjusts the spray pattern of said sprayer.

19. A cleaning device as set forth in claim 1, wherein said brush includes a lever for controlling the flow of said cleaning fluid through said sprayer.

20. A cleaning device as set forth in claim 1, further including a heater disposed in said tank for heating said rinsing fluid.

21. A cleaning device as set forth in claim 20, wherein said heater is powered by a cigarette lighter.

22. A cleaning device as set forth in claim 1, wherein said sprayer is disposed inside said brush.

23. A cleaning device as set forth in claim 22, wherein said brush comprises two molded portions, said sprayer and a tube connecting said sprayer to said hose being disposed between said two molded portions.

24. A cleaning device as set forth in claim 6, wherein said sprayer is disposed on an outer surface of said flat portion.

25. A cleaning device as set forth in claim 19, wherein said lever controls a variable flow valve.

26. A cleaning device as set forth in claim 19, wherein said lever controls an incline directional check valve.

27. A cleaning device as set forth in claim 6, wherein said handle extension is extendable to increase the length of the brush.

28. A cleaning device as set forth in claim 1, further including a lifting strap for assisting in lifting the cleaning device.

29. A cleaning device as set forth in claim 28, wherein said lifting strap is attached to lower portion of said tank.

30. A cleaning device as set forth in claim 28, wherein said lifting strap is made of a nylon material.
